ATTIRE AND APPEARANCE GUIDELINES FOR VOTER REGISTRATION CARDS WITH PHOTOGRAPHS

The purpose of a photo ID is to properly identify yourself at the polling place, so it's important that you have a *natural expression* in the photo, with or without a smile. Keep these things in mind for your photo:

- No caps, hats, scarves or other head coverings except for religious or medical reasons. In any case, the head covering may not obscure your face.
- No face veils, stage make-up, disguises, masks or any other article that would obstruct the full face front view or prominent distinguishing facial characteristics such as tattoos, scars, birth marks or moles.
- Hair cannot obstruct eyes and facial features.
- No sunglasses, tinted glasses, non-prescription glasses or eye patches except for medical reasons. A medical certificate will be required.
- At no time will an applicant be photographed when it appears that he is purposely altering his appearance so that the photo would misrepresent his identity.

EVERY VOTE MATTERS.
EVERY VOTE COUNTS.
