#### Abbeville County

An error in the ballot software coding resulted in the candidate for County Council District 4 to not receive votes when voters selected straight party Republican. There was, however, only one contestant for County Council District 4, so the error did not impact the outcome of this election.

## Dorchester

The initial audit for Dorchester County was, in part, performed with bad data. Additionally, there was a flaw to the layout of select absentee ballots, that caused a mismatch between the ballot timing marks for these ballots compared to all other absentee ballots. This impacted approximately 300 ballots. After Clear Ballot conducted the audit with correct data and individually adjudicated each of the impacted absentee ballots based on actual voter selections, the results showed minimal variance between South Carolina's voting equipment used in Dorchester County and the Clear Ballot software. The updated Dorchester audit is on the preceding pages.
